MEMORANDUM FOR: Chief, ASD

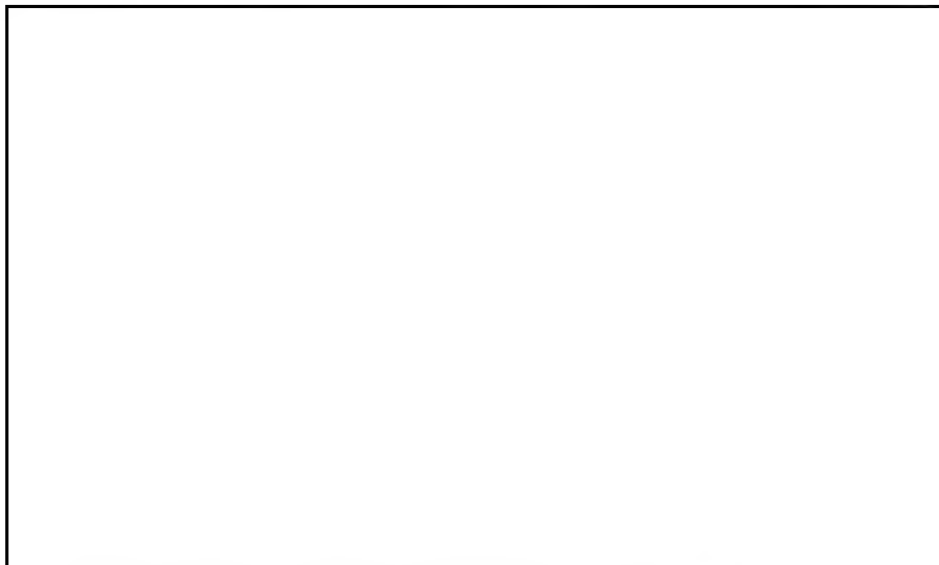

25X1A

SUBJECT : System Draft

1. I have done some editing but I think a little further work is probably desirable particularly in terms of organization. For example,

a. The INTRODUCTION should reduce to half a page and say things like the following:

25X1C

b. SUMMARY AND CONCLUSIONS could also shorten somewhat.

c. DISCUSSION can be eliminated and the essential information included in an appendix.

d. The formula derivation could also be placed in the appendix.

e. The OPERATIONAL DATA can be summarized in a chart as indicated, etc.

2. Let's go over this one time.
